## Projects

Project Name: *SoulM8*      [soulm8.herokuapp.com/](http://soulm8.herokuapp.com/) || [github.com/CarringtonAllison/soulm8](https://github.com/CarringtonAllison/soulm8)  
Description: *An intuitive dating app that helps individuals find love in just 8 questions. Logic developed finds matches based on absolute difference between all questions.*  
Technologies/Frameworks: Node.js / Express.js / MySQL / Javascript / Bootstrap / HTML/CSS / MobileReady

Project Name: *Top 5*      [carringtonallison.github.io/top5](http://carringtonallison.github.io/top5) || [github.com/CarringtonAllison/top5](https://github.com/CarringtonAllison/top5)  
Description: *Fantasy Football application displaying the current Top 5 players for each position each week and displays the Top 5 sports bars nearby to watch the games. Chat included to interact with fellow users. Themes for every team available to user.*  
Technologies/Frameworks: API Interaction / Firebase / Javascript / jQuery / Bootstrap / HTML/CSS / MobileReady

Project Name: *Teen Titans Go!*      [carringtonallison.github.io/teen-titans-go](http://carringtonallison.github.io/teen-titans-go) || [github.com/CarringtonAllison/teen-titans-go](https://github.com/CarringtonAllison/teen-titans-go)  
Description: *A fun math inspired game themed with the Teen Titans. Makes the user apply logic and mathematics to achieve a victory. Each game restarts with a new set of numbers allowing for repeated play.*  
Technologies/Frameworks: Javascript / jQuery / Bootstrap / HTML/CSS / MobileReady

## Work History

CVS      Pharmacy CSR      2018

- Handled inbound prescription requests.
- Technology Used: Salesforce, Microsoft Office Suite

Verizon Wireless Corporate Headquarters      Tech Support/Customer Advocate      2010-2017

- Troubleshoot mobile phones using platforms such as IOS, Android, Windows, Blackberry
- Technology Used: ACSS, IOS Cloud, Android-Device-Manager, Microsoft Office Suite

## Extracurricular

Cinematography and Video Editing. Having a passion for the creative side of my brain, I enjoy the design element that film gives. I've worked on many projects from commercials to horror/thriller pictures, as well as music videos and concerts. Appreciation for Windows and Mac operating systems having used both in multiple industries. Football and Basketball fan but really enjoy any form of competition. Xbox > Playstation.
